**UNIFORM: BDU'S, NO WEB GEAR, if no BDU'S you may wear Blues, last choice is Squadron T-shirt and jeans.**

**CODE OF CONDUCT:** All members will maintain a professional demeanor throughout the course of the activity. The Cadet Honor Code, Cadet Protection Program, and Core Values will be strictly enforced. Any and all members who pose significant disciplinary problems are subject to early dismissal from the activity. It will be the responsibility of the member and/or parents to immediately secure transportation from the activity.

**SAFETY:** Safety of personnel and assets (CAP and public) will be the number one priority. A safety/ORM briefing will be conducted by the activity Safety Officer or Commander to include discussion about hazards, with focus on weather and hydration. Additional safety briefings will be held prior to all activities where additional hazards are expected to address these hazards. Air/Ground Ops will coordinate with Mission Staff to ensure that critical mission/safety information is briefed to aircrew and ground teams (See CAPR 60-1 and mission checklists). The Activity commander and the safety officer have completed ORM to the intermediate level. **All members will have completed ORM and all adult members will have completed CPPT.** Both the activity commander and activity safety officer will have quick and easy means to access the Wing Emergency Notification Hotline (WENH) at 1 888-359-4727 and will be familiar with reporting through this system (CAPR 62-2). After utilization of the WENH and following Wing's immediate directives, Group Safety Staff and/or Group Command staff will be notified. Posting of this Ops Order is acknowledgment that this reporting responsibility is understood and will be complied with IAW FLWG directives

**IMAX MOVIE: To The Arctic**

Travel to the ocean and tundra of the far north to witness the amazing richness and complexity of this environment. Venture across floating ice with a mother polar bear and her two cubs as they struggle to survive. Discover the extraordinary underwater world of the Arctic sea with beluga whales, Greenland sharks and walruses. Fly above a thundering herd of caribou making their way to their calving ground. Experience a visually breathtaking story of life in the Arctic and the rapid changes occurring there because of climate change.

**SPACE EXPLORERS: Idea Zone! Space Mission • Capacity 30 EACH SECTION. • 2 hours**

Students use their imaginations and problem-solving skills to overcome challenges by testing robotic constructs, flying spacecraft, conducting space science experiments and exploring the universe with astronomy. Students combine their skills with teamwork to launch challenging space missions in preparation for an exciting future of space travel
